

PRESS RELEASE

August 11th, 2020**CAMERON LNG Train 3 Begins Commercial Operation**

Chiyoda Corporation (TSE: 6366; ISIN: JP3528600004) is pleased to announce that the commercial operation of Train 3 of the Cameron LNG project, located in Hackberry, LA., commenced on August 10th, 2020.

For Chiyoda International Corporation (CIC), a U.S. based wholly-owned subsidiary of Chiyoda, and its joint venture partner on the project, McDermott International, Ltd., this is a significant achievement, bringing the final train of the project into commercial operation under the COVID-19 calamity, and delivering all three trains of the project to commercial operation status with high quality and exceptional safety performance.

“Congratulations to all members of the joint venture for this remarkable accomplishment, working together with unparalleled commitment and diligent works to deliver one of the largest, world class LNG export facilities,” said Masaji Santo, President and COO of Chiyoda Corporation.

Since the initial award in 2014, the joint venture has provided the engineering, procurement, construction and commissioning works for the Cameron LNG project. The project includes three liquefaction trains with a projected export capacity of more than 12 million tons per annum of LNG, or approximately 1.7 billion cubic feet per day.

Cameron LNG is jointly owned by affiliates of Sempra LNG, LLC, Total S.E., Mitsui & Co., Ltd. and Japan LNG Investment, LLC, a company jointly owned by Mitsubishi Corporation and Nippon Yusen Kabushiki Kaisha (NYK).
