**Chiyoda Awarded EPC Contract
for the Large-Scale Photovoltaic Generation System by AIKAWA**

Chiyoda Corporation (“Chiyoda”) (TSE: 6366; ISIN: JP3528600004), Japan’s leading engineering and construction firm, today announces that it has been awarded an Engineering, Procurement and Construction (EPC) contract by Aikawa Press Industry Co., Ltd (Head Office: Yamanashi, President & CEO: Takeshi Aikawa) for the large-scale photovoltaic power generation system, “Aikawa Press Takane Plant Mega Solar” in Hokuto city, Yamanashi prefecture.

1. Scope of Work : EPC work for “Aikawa Press Takane Plant Mega Solar”
2. Contract Amount : Not disclosed
3. Construction Site : Takane Plant, Hokuto city, Yamanashi prefecture
4. Site Area : Approx. 22,808m²
5. Total Output : Approx. 1,800kWp *
6. Module used : Approx. 12,000 modules by Solar Frontier K.K.
7. Schedule : To be completed by March 2013.

*kWp: kilowatt-peak

This is the first large-scale solar project in the private sector in Yamanashi Prefecture, and will be built adjacent to the existing factory. The ground-breaking ceremony was held on November 27, 2012. As a leader in energy technologies, Chiyoda aims to contribute to the stable supply of clean energy through expanding its businesses into renewable energy while bolstering those exploiting new technologies.
