PRESS RELEASE

October 28, 2013

86MW of MEGA SOLAR Projects Awarded to Chiyoda Group with Solar Frontier

Chiyoda Corporation (“Chiyoda”) (TSE: 6366; ISIN: JP3528600004) is pleased to announce that Chiyoda Group, including its wholly owned subsidiary Chiyoda System Technologies Corporation (“CST”), has received orders for the Engineering, Procurement and Construction (“EPC”) of mega solar projects with a total electric generating capacity of more than 86MW. Chiyoda and CST executed or are executing the EPC work for each project in which Solar Frontier K.K. provided or is providing the CIS thin-film solar modules.

1) LM Sun Power Co., Ltd. : Subsidiary jointly owned by Mitsubishi UFJ Lease & Finance Company Limited and Mitsubishi Materials Corporation

2) OR Solar Co., Ltd. : Subsidiary of ORIX Corporation

3) Installed capacity as mentioned above is based on photovoltaic capacity.

* : The number of solar modules

PRESS RELEASE

Chiyoda and Solar Frontier have been closely partnered since Chiyoda constructed world's largest CIS PV module production plant for Solar Frontier in Miyazaki prefecture, and we have been jointly developing mega solar systems since, by taking advantage of the high-performance CIS modules.

Chiyoda Group is receiving a growing number of inquiries for mega solar projects based on the strategic partnership with Solar Frontier.
